- Password:
- Confirm password:
- (dropdown menu)
- Answer:
- Email:

Registering Your Student

1. Select Student Registration

2. Step 1 - Enter parent/guardian information.

Once you have entered all the required fields (in red), click save. The information that is likely to be shared with other individuals in your household will be automatically copied to additional users.

3. Step 2 – Select Participant to register

Click the “Add” button to add your first child
enter all the relevant info for you student and click “Save and
Continue Next Step” button at the bottom of the page.

4. Step 3 - Search for registration options.

You will see a list of options. Please select the program you
would like to register your child for.

1. To add another youth, use the Add button to add a new camper.
2. Once you enter the new camper’s info and click Save and continue, you will be directed to the list of options
3. Continue until adding and registering students for as many students as you need.

5. Step 4 – Confirm and Check out

Select your payment method and you will be directed to the
payment page.
